RECITALS

THE 1993 ACTION

A. In 1993, the San Francisco Regional Water Quality Control Board ("RWQCB") issued Site Cleanup Order No. 93-139 ("SCO 93-139") directing certain parties (including some of the Parties to this Agreement) to design and implement a remedial action to abate perchloroethene and its breakdown products ("PCE") contamination in the soil and groundwater at and in the vicinity of the Livermore Arcade Shopping Center ("LASC") and Miller's Outpost Shopping Center ("MOSC") in Livermore, California (the "LASC/MOSC Site") to levels acceptable to the RWQCB. The LASC is identified as parcels with assessor parcel numbers ("APN") 98-403-19 with street address of 1436-1554 1st Street (property tax address of 1410 1st Street), Livermore, California and 98-403-20 with street address of 1412-1424 1st Street (property tax address of 1334 1st Street), Livermore, California which has also be referenced at various times as the Livermore Arcade Shopping Center and now known as Vintner Square Shopping Center. The MOSC is identified as parcels with A.P.N. numbers 98-290-2-1, 98-290-2-15, 98-290-2-17 and with a street addresses of 1316-1318 Railroad Avenue and 1332 through 1588 Railroad Avenue in Livermore, California.

B. The parties named in SCO 93-139 sought to allocate certain liabilities associated with the PCE contamination in an action entitled Grubb & Ellis Realty Income Trust v. Catellus Development Corp., et al., Case No. C93-0383 SBA (N.D. Cal., 1993) (the "1993 Action"). The parties to the 1993 Action reached a settlement agreement dated February 7, 1994 (the "1994 Settlement"). The District Court approved the settlement and dismissed the 1993 Action on February 17, 1994.

589042

1 C. Remediation Contractor H+GCL performed remediation activities at the
 2 LASC/MOSC Site. In 1995, at the request of H+GCL, Order No. SCO 93-139 was converted to
 3 a "containment zone" order, Order No. 96-052, which required eventual site closure. H+GCL
 4 failed to obtain site closure.

5 D. In March 2008, the RWQCB directed parties named in Order No. 96-052 to perform
 6 additional work related to the PCE contamination in the deeper groundwater at the LASC/MOSC
 7 Site.

8 **THE 2008 ACTION**

9 E. Several of the parties to the 1994 Settlement consisting of Palmtree, Neelys,
 10 Multimatic, Western, Hartz, McCorduck Properties, McCorducks, IMA and Stark formed a
 11 group known as the 2008 Group to respond to the 2008 RWQCB directives related to the to the
 12 PCE contamination in the deeper groundwater at the LASC/MOSC Site.

13 F. In July 2008, Palmtree filed an action entitled Palmtree Acquisition Corporation
 14 v. Neely, et al., Case No. 08-CV-3168-EMC (N.D. Cal., 2008) (with all related third party
 15 claims, counterclaims and cross-claims, the "2008 Action"), in which the Parties have actual and
 16 potential claims against one another relating to the allocation of the Parties' potential liabilities
 17 associated with the PCE contamination of the deeper groundwater.

18 **THE NORTHROP GRUMMAN SETTLEMENT**

19 G. On July 3, 2010, the Neelys, Multimatic, Western, Stark, Hartz, McCorduck
 20 Properties, McCorducks, IMA and Palmtree entered into a settlement agreement with Northrop
 21 Grumman Systems Corporation ("Northrop"), as the successor in interest to H+GCL. The
 22 settlement was determined to be in good faith by the United States District Court, Northern
 23 District, on October 4, 2010. Under the agreement, Northrop agreed to pay 35% of all Past and
 24 Future Response Costs, as defined thereunder.

25 **THE CAL WATER ACTION AND SETTLEMENT**

26 H. In May 2008, California Water Service Company ("Cal Water") filed an action
 27 entitled California Water Service Company v. The Dow Chemical Company, et al., Case No.
 28 CIV 473093 (San Mateo Super. 2008) ("Cal Water Action"). Multimatic was named as one of

1 the defendants in that action, which sought recovery of costs to protect Cal Water drinking water
 2 supply wells contaminated with PCE, including Cal Water well 14, which the RWQCB claims is
 3 in the LASC/MOSC plume.

4
 5 I. The Parties to this Agreement have separately reached a settlement with Cal
 6 Water whereby in exchange for payment, Cal Water will release all claims against the Parties
 7 arising from or related to: (i) claims asserted or that could have been asserted in the Cal Water
 8 Action; and (ii) claims related to alleged contamination of the Livermore Wells with PCE
 9 sourced directly or indirectly from the LASC/MOSC shopping Centers.

10 THE MEDIATION SESSIONS AND AGREEMENT

11 J. The Parties have participated in a series of mediation sessions from 2009 through
 12 2012 ("Mediation Sessions") to resolve their claims and liabilities and implement a remedial
 13 action plan at the LASC and MOSC. The Parties have reached a settlement and are in the
 14 process of drafting a global settlement agreement (the "Agreement"). The Agreement represents
 15 a compromise resolution of the Parties' differing initial settlement positions and contradictory
 16 interpretations of pertinent facts and legal claims and defenses, recognizing the risks, expense,
 17 and uncertainties of litigation.

18 K. Pursuant to the terms of the Agreement, the Parties will enter into a Guaranteed
 19 Fixed Price Remediation Agreement ("Cleanup Contract") with The Source Group, Inc. (the
 20 "Cleanup Contractor") for the remediation of environmental contamination at and emanating
 21 from the LASC and MOSC.

22 L. The estimated total cost for the implementation of the remedial action plan is
 23 \$8,109,110, which consist of the following: (1) \$5,681,110 for the Cleanup Contractor; (2)
 24 \$500,000 for California Water Service Company; (3) \$325,000 for the Regional Water Quality
 25 Control Board for regulatory oversight for 15 years; (4) \$375,000 for project management for 15
 26 years; and (5) \$1,228,000 for contingency costs. The Parties will pay 65% of the total costs
 27 (\$5,270,921.50) and Northrop will pay 35% (\$2,838,188.50).
 28

589042

1 M. A true and correct DRAFT copy of the Agreement is attached hereto as **Exhibit**
 2 **A.** By virtue of entering into the Agreement, none of the Parties admit liability. The Agreement
 3 provides, in part, as follows:

4 (i.) At section 1., the Agreement provides that the Parties agree to pay the
 5 amounts allocated to them, as set forth in Exhibit B ("Settlement Fund"). Payment shall be made
 6 to the Trustee, identified in paragraph 3 of the Agreement, below, for the funding of a Qualified
 7 Settlement Fund Trust and Environmental Remediation Trust, within 60 days following the later
 8 of: (a) the Court's order determining that this Agreement is in good faith, or (b) the Court's order
 9 determining that the Parties' settlement agreement in the Cal Water Action is in good faith. A
 10 payment schedule applicable to some of the parties is incorporated within sections 1. a., 1. b., 1.
 11 c. and 1. d. of the Agreement.

12 (ii.) At section 2. a., the Agreement provides that the settlement is expressly
 13 contingent upon the Court's determination, pursuant to California Code of Civil Procedure
 14 section 877.6, that the Agreement is entered into in good faith and therefore bars any and all
 15 existing or potential claims against each of the Parties for total equitable indemnity, equitable
 16 comparative contribution, partial and/or comparative indemnity, and/or implied contractual
 17 indemnity.

18 (iii.) At section 2. b., the Agreement provides that the settlement is expressly
 19 contingent upon the Court's determination, pursuant to California Code of Civil Procedure
 20 section 877.6, that the Parties' settlement agreement in the Cal Water Action is entered into in
 21 good faith and therefore bars any and all existing or potential claims against each of the Parties
 22 for total equitable indemnity, equitable comparative contribution, partial and/or comparative
 23 indemnity, and/or implied contractual indemnity.

24 (iv.) At section 3. the Agreement provides that De Maximis, Inc. will serve as
 25 the Trustee for the Settlement Fund. The Settlement Fund shall be deposited into two separate
 26 trust accounts, the Qualified Settlement Fund pursuant to Treasury Regulation Section 1.468B
 27 (28 C.F.R. 1.468B-1) and a Environmental Remediation Trust pursuant to Internal Revenue
 28

589042

Code Section 301.7701-4(e) which shall be used to meet the payment obligations for implementation of the remedial action plan at the LASC/MOSC site.

(v.) At section 5. a., in consideration of the Parties' payments as provided in section 1., the Parties agree to mutually release each other from any and all claims arising from or related to arising from or related to PCE contamination at and emanating from the LASC and MOSC.

(vi). At section 12., the Parties expressly waive any rights or benefits that they may have or might obtain pursuant to section 1542 of the California Civil Code.

NEELY'S SETTLEMENT CONTRIBUTION

N. The Neelys' insurers are Lumbermens Mutual Casualty Company, In Rehabilitation ("Lumbermens") and Firemens Fund Insurance Company ("FFIC").

O. Lumbermens and FFIC will pay 16% of the Parties \$8,109,110 share to the Settlement Fund, or a total of \$1,297,457.60 ("Settlement Payment") on behalf of the Neelys.

P. The Neelys will be signatories to the Agreement.

Q. The Settlement Payment by Lumbermens and FFIC will be held in the Bassi Edlin Huie & Blum LLP Client Trust Account until the Agreement is fully executed by the Parties and the Parties tender their Settlement Payments under the Agreement.

R. This Stipulation is a stipulation for the Good Faith Order regarding Lumbermens and FFIC's Settlement Payment on behalf of the Neelys.

S. By entering into this Stipulation, the Parties agree that the Settlement Payment by Lumbermens and FFIC on behalf of the Neelys constitutes a good faith settlement of the claims against the Neelys in the 2008 Action.

AGREEMENT

1. The foregoing Recitals are true and correct and are incorporated herein by reference.

2. The Parties stipulate to the following points of law:

i. The Settlement Payment by Lumbermens and FFIC on behalf of the Neelys satisfies the requirements for a good faith determination under California Code of Civil

589042

1 Procedure section 877.6 and Tech Bilt Inc. v. Woodward Clyde & Associates, 38 Cal. 3d. 488
2 (1985) for the following reasons:

3 a. the Settlement Payment due under the Agreement is reasonably
4 proportionate to the Neelys share of liability for remediation of the PCE contamination in the
5 deeper groundwater at the LASC/MOSC Site;

6 b. the amount of the Settlement Payment due by the Neelys under the
7 Agreement is substantial; and

8 c. the Settlement Payment due by the Neelys under the Agreement is
9 likely less than the amounts the Neelys would be found liable for after trial.

10 3. A good faith settlement operates to discharge a settling party from liability to any
11 other alleged tortfeasors for partial or comparative indemnity or contribution in the 2008 Action,
12 regardless of whether the other alleged tortfeasors are presently parties to the action or have ever
13 been parties to the action. Cal. Code of Civ. Proc. § 877.6 (LexisNexis 2012), Mill Valley
14 Refuge Co. v. Super. Ct., 108 Cal.App.3d. 707 (1981).

15 4. The Neelys are entitled to, as of the effective date of the Agreement, contribution
16 protection pursuant to section 113(f) of CERCLA, 42 U.S.C. § 9613 (f) and any other applicable
17 provision of federal or state law.
